

Register For IBM Power7 Upgrade and HA/DR Webinar - August, September and October, 2011 2PM EST Sponsored by UCG and Maxava

REVIEW DETAILS AND CLICK ON ONE OF THE DATES BELOW TO REGISTER.

Upgrading to Power7 (iSeries) with HA/DR can be more cost effective than you think.

In this webinar sponsored by UCG and Maxava, you will learn the latest details about upgrading to Power7 and how cost effective HA/DR on IBM i can be.

Jim Kandrac, UCG President and Raymond Hammel, Maxava Senior Solution Consultant will host the events.

Here's what you will learn by attending this webcast event:

* Tips for planning OS Upgrade from V5R4 to 6.1 or 7.1

* How to add HA/DR as part of the update process ... it's more affordable than you think - use your existing hardware, or consider an offering from UCG/IBM designed to enable customers to implement high availability and disaster recovery with the IBM Capacity BackUp (CBU) for Power Systems or the IBM Solution Edition machines.

* Would you like to minimize downtime during the upgrade? We'll discuss how you can use Maxava HA to upgrade without downtime.

* Learn about features and benefits of Maxava HA Suite and maxView mobile monitoring and management (connect & manage remotely via your PDA)

* See a live demonstration of MaxAva

* Get your questions about IBM i OS Upgrades and HA/DR answered

We look forward to having you join us for one of these special webcasts.
